

Fidelis Companies

"I have worked with Fidelis for many years working both the technical and functional aspects of Oracle's Business Suite. They are proactive in determining needs, quality candidates and following-up to make sure all is being accomplished according to the statement of work. Our account rep is friendly and forthright. He listens to your concerns and takes appropriate actions. The Fidelis goal is to make the client successful. Fidelis understands the customer and does everything to make them successful."

**Sr. Manager – Finance
National Security Laboratory**

"Fidelis has found and provided talented ERP consulting resources for our company on a contracted basis. They have treated us very well in the relationship, are responsive and attentive, and display the highest integrity. I was glad to have worked with Fidelis and would certainly do so again."

C O M P A N I E S

Fidelis Companies is a certified **Woman Owned Business** based in Plano, Texas. We provide consulting expertise in the following areas: planning & assessment, implementations, upgrades, go-live support, process redesign, project management, optimization and integration and general maintenance/support.

We are well networked in the Oracle & PeopleSoft marketplace and talk to C-level executives, IT Managers and hands-on functional and technical specialists every day. As a result, we keep up with trends, common concerns, and new insights that affect you and **your bottom line**. We allow you to hire "**best of breed**" for your particular needs; our consultants are proven and **vett**ed resources with extensive project and industry experience.

We work with a virtual bench of independent Oracle & PeopleSoft consultants. All of the consultants in our network come from client or senior level consultant referrals, which means that our network comprises mostly of **10+ year industry talent** and experience.

We **proactively** recruit and network constantly, which allows us to be at the forefront of trends in the market and be in touch with the best available talent for **your needs**.

Why the best consultants in the industry choose to work with Fidelis:

- We pay **market rate** for talent
- We professionally check references
- We honor established payment terms
- We represent cutting edge technology projects
- We are a direct connection to the client - **No middle man**
- We do not waste their time with projects that are not a match
- We take the time to get to know them and understand what is important to them

What to expect from Fidelis IT:

Multiple qualified independent Oracle & PeopleSoft practice experts per search who are:

- Specially screened to your needs
- Technically sound with relevant business process or industry-specific experience
- Outstanding communicators with the ability to lead or supplement existing teams
- Local consultants when available
- References provided upon request
